

Tax compliance suite

Unify sales tax calculation, document management, and returns preparation under a single platform. It's compliance done right.

The trick to more accurate compliance? Automation.

Trying to keep up with all the demands of sales and use tax compliance can feel like a balancing act, especially given how frequently rates and rules change. Avalara's suite of automated solutions gives you a better way.

Avalara AvaTax

Delivers sales tax calculation as the transaction takes place, cross-checking thousands of rates, rules, and jurisdictional boundaries for more accurate results.

- Removes the time and hassle of researching tax rates and product taxability rules
- Improves tax determination accuracy
- Supports global tax compliance (VAT, GST)

Avalara Returns

A seamless end-to-end service that prepares and files your returns and handles remittance according to a filing calendar you can easily manage online.

- Manages monthly tax prep, filing, and payments
- Handles responses to tax notices from tax authorities
- Simplifies treasury management with a single ACH transfer to cover all sales tax liabilities

Avalara CertCapture

Collect, validate, and store all compliance documents in one central, secure repository for instant access and accountability.

- Automates the manual process of managing exempt sales
- Provides an exemption only when a valid certificate is available
- Integrates with ecommerce or POS checkout process to capture certificates at point of purchase

Avalara support for ProfitKey

- PKI ERP (Rel. 8.1.5+)

BLACK KNIGHT

“I would recommend this to any customer who has sales tax requirements of 3 or more states... it makes reporting, collecting, and invoicing indirect taxes easy and less time-consuming.”
